SERIE
SERIE 650

GENERAL CHARACTERISTICS

The OLIS SNACK 650 range has a design that characterises all equipment in both top and monoblock versions, with large knobs and an ergonomic dashboard shape.

The wide choice of machines and high performance make this range the ideal choice for environments that are not very spacious but still require high-performance machines.

The modularity of the range allows infinite combinations with installation on compartment bases or tables.

TECHNICAL SPECIFICATIONS

■ ELECTRIC INDUCTION COOKER TOP version with 2 zones for an output of 5kW per zone. The appliance is equipped with pot presence detector and operation indicator light. Ergonomic knobs mounted on a sloping dashboard for easy visibility. The cooktop is stamped in one piece, AISI 304 18/10 stainless steel with Scotch

Brite finish, with large radii and large capacity for collecting overflowing liquids. ■ The cooking zones are marked with a circular silkscreen printing with a diameter of 22 cm (30 cm for the wok), for a power of 5 kW per zone. ■ A device detects the presence of the pan and activates the heating; in the event of abnormal use, however, a special overheating protection device blocks the operation.
