SERIE
SERIE 650

GENERAL CHARACTERISTICS

The OLIS SNACK 650 range has a design that characterises all equipment in both top and monoblock versions, with large knobs and an ergonomic dashboard shape.

The wide choice of machines and high performance make this range the ideal choice for environments that are not very spacious but still require high-performance machines.

The modularity of the range allows infinite combinations with installation on compartment bases or tables.

TECHNICAL SPECIFICATIONS

■ MULTI-FUNCTION SINGLE-BLOCK BRATT PAN Equipment ideal for use as both a fry-top and a braising pan and is equipped with an AISI 304 stainless steel tank. Heating is by electric heating element with

safety thermostat and operation indicator light. Drainage of the tank is by means of drain hole of suitable diameter closed by stainless steel plug. ■ The multiple, with a tank made entirely of AISI 304 stainless steel, has heating elements placed under the bottom of the tank for even temperature distribution adjustable from 110 to 280°C.
